NOTICE

Subject: "Java training program for campus interviews".

Siddhivinayak Technical Campus Shegaon is organizing a five-day (30-hour) add-on program that will start on Tuesday, **January 02, 2024**.

The title of the programme is "Java Training Programme for Campus interviews". Companies across the globe use Java to build the applications and websites they offer their consumers. Java's role extends to datascience and machine learning, increasingly sought after by companies seeking advanced automation. Java is a robust language, meaning that it is designed to handle errors and exceptions gracefully. Google has a large number of products and services built with Java, including Google Docs, Google Maps, and Android OS. One of the main benefits of Java is that it is platform-independent, meaning that it can be run on any operating system.

All the students of **BE third and final year, all branches**, are hereby informed to attend the programme and register themselves on or before January 24.

Program details are:
